

Vidyasagar University
Midnapore-721102, West Bengal

**The SYLLABUS for
POST-GRADUATE Programme**

in

POLITICAL SCIENCE

**Under Choice Based Credit System (CBCS)
(Semester Programme)**

[w.e.f. 2022-23]

Brief history

The Department of Political Science is one of the oldest departments at Vidyasagar University. It started its journey in January 1986 with 50 students. Over the years, the department grew, so increased the number of students. The present intake capacity is 104. The department initially focused exclusively on PG teaching and research in Political Science. Later, in 2008, the M. Phil Programme was introduced. We are the first department to introduce this programme in the university. This apart, the department has also conducted Certificate Courses in Human Rights. Our department is also the nodal department of the Gandhian Studies Centre of Vidyasagar University. This Centre has organized many national seminars/workshops. Although 'Rural Administration' is the thrust area, in the course of time, we have diversified our expertise further to include areas like Indian Political Thought, Foreign Relations and Area Studies, Social and Political Movements, Urban Governance, Green Politics, Human Rights, Sustainable Rights, Refugee Studies etc. The research works of our Ph.D. scholars reflect such variety. The department regularly organizes National Seminars and Special Lectures with leading political scientists both from within and outside West Bengal.

Program Outcomes (POs)

The latest syllabus of the Department of Political Science was adopted with effect from the 2022-2023 Session. The programme intends to:

1. Provide students with intensive and extensive knowledge in the domain of theory and practices of Political Science at the local, state, national and global levels.
2. Bring out the best potentials of the students; encourage them to take part in the social and political life of the nation in a meaningful and responsible manner;
3. Introduce and inculcate values relevant to contemporary India, such as gender sensitivity; environmental concerns; professional ethics and overall human values
4. Generate skills, employability and entrepreneurship capacities relevant to our students, who are overwhelmingly from rural and marginalised backgrounds.
5. In addition, students find employment in various important sectors, such as teaching, administration, journalism, and media and also in society-centric NGOs.
6. Encourage young learners of the department to develop critical intellectual perceptions towards politics and the welfare of the people.

Programme Specific Outcomes (PSOs)

After completion of the course, we expect the students to acquire understandings on:

- Ancient Indian Political Thought.
- The contemporary issues and challenges in Indian Politics.
- The internal structure of Indian society
- The global context
- The politics in comparative terms with emphases on approaches and methodologies.
- The insight into political beliefs central to an understanding of the modern world.
- Analytical and evaluative skills.
- Methodological debates.
- Various important issues in the field of international relations.
- The cardinal political values and practical necessities of contemporary times at the very beginning of their postgraduate studies;
- Western and Eastern political thought.
- The rural society, politics and administration in India.
- Social and economic impact assessments, thus enhancing skills of the students.
- Methods of appraising various projects in rural India, thus increasing employability prospects in areas such as social audits.
- Cutting-edge issues on the process and workings of government, in terms of their larger socio-economic and political contexts.
- Knowledge on various field-based, administrative and management positions, both at government and private sector.
- Work in the media and NGOs.
- Political structures and institutions in India.
- Contemporary challenges before modern states
- Various Global and Local challenges.
- The career and future based on Political Science.
- The skills to work on academia, media and administration.
- Various contemporary issues
- The South Asian context
- The basic methods of social science research.
- Job opportunities in social research, particularly data collection
- The process of democratisation, particularly civil society and media
- The most relevant issue in contemporary world: development.
- A thorough academic understanding of the subject, covering both practical dimensions and ethical issues.
- Career opportunities in media, NGOs as well as various governmental, non-governmental departments and international organisations.
- Methods of writing dissertation and research proposal.
